

A Handbook for Church Librarians

Everything you need to know to create, organize and manage a successful church library

Top librarians teamed to create this definitive reference guide for the church librarian. Within this essential companion, core areas of church library ministry are explored:

- First steps to library ministry
- Building a library team
- Finances & budgeting
- Selection strategy
- Classifying & cataloging
- Processing new materials
- The circulation cycle
- Book care and repair
- DVDs, music, & magazines
- Computer automation
- Creative promotion
- Planning and evaluating

Also included are a glossary, fully updated subject headings, and Dewey Decimal classifications—updated for church librarians—plus a section on useful print and online resources. An icon  throughout the book indicates special information for automated libraries.
